A La Autoridad de Vivienda de San y la gerencia de Sunnydale:

Yo, [REDACTED], soy un residente de Sunnydale, una urbanización de vivienda pública. Como muchos de mis vecinos, mi edificio y mi unidad he sido gravemente desatendidos, reparaciones básicas no se hacen o hace meses y años hacerlos. Y como resultado, Estoy viviendo en condiciones muy peligrosos. Poner yo y mi familia en peligro. Las problemas que tengo y ejemplos del negligencia criminal de SFHA y gerencia incluyo:

*bed bugs infesting apartment, said they would come and exterminate, but never did.
the sink is leaking water, called and called but never fixed. 8 months since it first broke
children (2) being bitten by bed bugs*

(Véase los documentos adjuntos por detalles).

Los peligrosos y a menudo inhospitable condiciones que yo y otros residentes de vivienda pública a través de la ciudad se ven forzadas a vivir estan una violación directa de una ley de California que da derechos a inquilinos a una seguro y habitable entorno doméstico durante su tenencia entera, y tambien de regulaciones de HUD que garantía suficiente alojamiento para todos los inquilinos.

Estoy presentando esta letra con El Frente Unido Contra el Desplazamiento, un grupo nacional abogando por la mejoría y preservación de las viviendas públicas. Nosotros creemos que la negligencia de SFHA ha empeorado porque ellos planen demoler nuestras casas y sustituir con apartamentos privadas, muchos que no son asequibles a nosotros. Pero no podemos quedar hasta que nuestros edificios estan recolocados, necesitamos que nuestras problemas estan abordado ahora y sin eliminar nuestras viviendas públicas. Entonces, pedimos que SFHA y la gerencia de Sunnydale aborden inmediatamente los asuntos de arriba en mi unidad y tambien los asuntos de mis vecinos. Esperemos que SFHA y la gerencia trabajará para abordar con puntualidad.

Sinceramente,

For 9 months, when the kitchen sink faucet is on, the pipe leaks in the cabinet below

No oven door

There is a bedbug infestation and the children are being bitten, SFHA has not sent an exterminator

There is mold in the apartment, and one of the children has asthma

Sinceramente

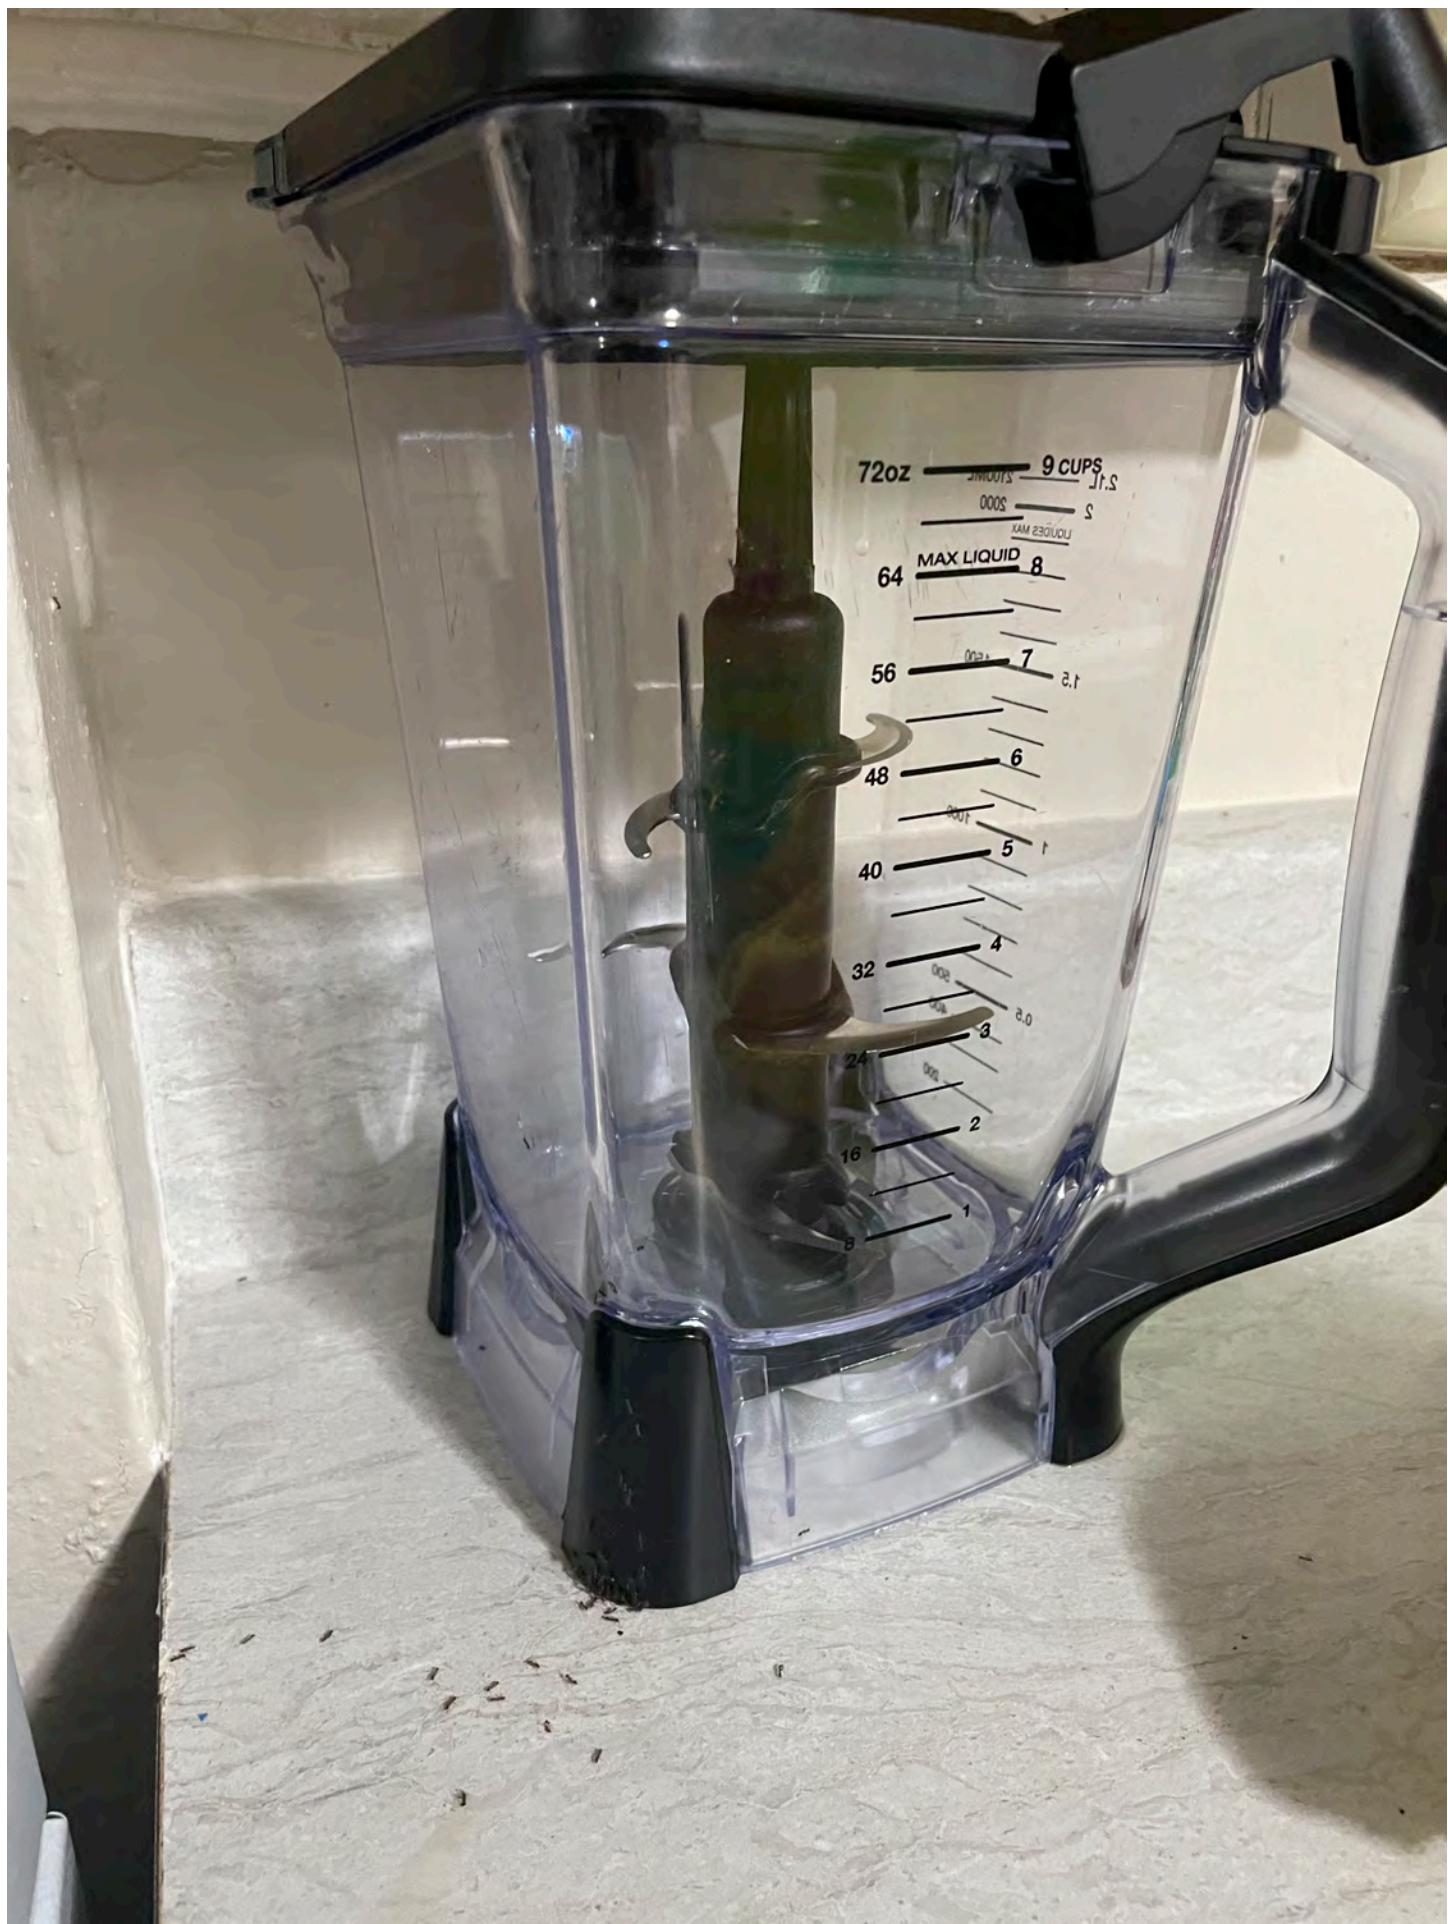

While this family was in the process of moving within Sunnydale due to the HOPE SF redevelopment, their apartment was broken into with a hole cut into the wall. Their washing machine and personal documents were stolen. SFHA said they had no responsibility and would not reimburse the family.

At the same time, SFHA moved the family into a unit with an ant infestation

The plumbing and electrical outlets in my unit has been neglected by the Housing Maintenance team - my unit Electrical outlet in my kitchen has been flooded from the vacant unit next door and I told them to close it up more than 67 times and they never did now my stove is not working because my sockets are flooded with water.
Also its a pandemic with all the cars + they are parked everywhere, you can't even walk on your front and back yards because of the cars are parked on them. (see attachments for more details).

Additional comments: All Housing Residents have a rights and responsibilities as well as the very responsibilities, the responsibilities are getting totally neglected from the filth on the grounds and around the grounds, dog poop, mice, infested dirt because of the trash and the tenants are not following the rules because they're not being enforced. It's also very dangerous with the violence is getting worse.

Electrical outlets flooded, this one by the stove doesn't work so the stove is plugged into an extension cord

Estoy presentando esta letra con El Frente Unido Contra el Desplazamiento, un grupo nacional abogando por la mejoría y preservación de las viviendas públicas. Nosotros creemos que la negligencia de SFHA ha empeorado porque ellos planen demoler nuestras casas y sustituir con apartamentos privadas, muchos que no son asequibles a nosotros. Pero no podemos quedar hasta que nuestros edificios estan recolocados, necesitamos que nuestras problemas estan abordado ahora y sin eliminar nuestras viviendas publicas. Entonces, pedimos que SFHA y la gerencia de Sunnydale aborden inmediatamente los asuntos de arriba en mi unidad y tambien los asuntos de mis vecinos. Esperemos que SFHA y la gerencia trarabajá para abordar con puntualidad.

(see attachments for more details).

The dangerous and often inhospitable conditions myself and many fellow public housing residents across this city are forced to live in are a direct violation of California law which entitles tenants to a safe and habitable living environment during their entire tenancy, and of HUD regulations which guarantee adequate housing for all tenants.

I am submitting this letter in conjunction with the United Front Against Displacement, a nationwide group fighting for the improvement and preservation of public housing. We believe SFHA's negligence has only worsened as they plan to demolish our homes and replace them with privately owned apartments, many of which will not be affordable to us. But we cannot sit around and wait for our buildings to be replaced, we need our problems addressed now and to do so without eliminating our public housing. As such we request that SFHA and Sunnydale management immediately address the above issues in my unit as well as the issues other neighbors write to you about. We hope SFHA and management will work to address this matter in a timely fashion.

I need a bigger place due to my other son, and my
kids do not feel safe in this area of the apartment.

IMPORTANT INFORMATION

*Documentation supporting the request for a transfer **must** be attached to this form.*

When this family first moved into Potrero Hill, there was one adult head of household and three children, 2 young boys and a teenage girl. According to SFHA policy, they should have been placed into a 3 bedroom. However, SFHA placed them into a 2 bedroom. The family filled out the necessary SFHA paperwork on August 2, 2013 for a transfer from a 2 bedroom to a 3 bedroom. To this day SFHA has not transferred them to an appropriately sized unit, and on October 12, 2021 SFHA Potrero management demanded that the family fill out another identical form for a transfer.
